## Music Academy Scholarships

The Colburn Music Academy is honored to welcome students of all backgrounds and nationalities to our Los Angeles campus. With “access to excellence” at the core of what we do, we aim to reduce financial barriers and recognize the excellence of our students through full and partial scholarships made possible by our generous donor community.

**Kohl Scholars** receive significant scholarship support along with pre-professional guidance and performance opportunities to support their total Colburn experience. Terri and Jerry Kohl created this scholarship to make Colburn accessible to and competitive for students across the Music Academy.

**Greendale Scholars** are students who have been awarded a scholarship from the Moe and Arlene Greendale Endowment Fund based on demonstrated financial need. The Greendale Fund was established to memorialize and honor the Greendales, who, through their gift, desire to perpetuate access to musical excellence, which at one time was generously extended to Mr. Greendale.

The **Thibaudet Scholars**, named for renowned pianist Jean-Yves Thibaudet, are instrumentalists in the Music Academy who have received discretionary scholarships to make their studies more accessible. These awards recognize the generosity of our donors and Mr. Thibaudet’s continued artistic involvement and dedication.

The financial need of our current students and potential applicants consistently outweighs our available funds. If you would like to help us do more to support the futures of these exceptional students by providing philanthropic support to the Colburn Music Academy, please contact [philanthropy@colburnschool.edu](mailto:philanthropy@colburnschool.edu).
